- A paperback copy of The Hogan Guide (\$75 value) and access to HPI, HDS, and MVPI technical manuals (\$165 value)

*Also, we are offering an optional “Hogan Development Feedback Certification” for an additional \$500. Participants who successfully complete a simulation-based practice feedback session with a Hogan coach will receive a certificate acknowledging completion of additional training focused on providing professional development feedback using our three inventories.

The Hogan Assessment Certification Workshop teaches participants to use three Hogan inventories:

- **Hogan Personality Inventory (HPI)**, which evaluates personality characteristics that people need to get along and get ahead (i.e., job fit).
- **Hogan Development Survey (HDS)**, which identifies factors that impede career success (i.e., management fit).
- **Motives, Values, Preferences Inventory (MVPI)**, which assesses business drivers and core values for individual fit within a corporate culture (i.e., organizational fit).

The Hogan Assessment Certification Workshop enhances each participant’s interpretive skills through advanced case studies, applied feedback, and coaching.

- Participants will conduct detailed interpretation and analysis of assessment results.
- Participants will give comprehensive feedback on the HPI, HDS, and MVPI in group and individual settings.
- Participants will learn best practices concerning assessment use and interpretation.
- Successful demonstration of data interpretation and feedback proficiency will lead to documented certification on the Hogan inventories.
