

## Blaze Konkol

### Coaching Profile

**Blaze Konkol, MA**  
Hogan Coaching Network

#### Background

Blaze Konkol partners with leaders in complex, performance-driven, and highly regulated environments to strengthen decision-making, communication, and leadership impact. Drawing on more than 20 years of experience, including 10 years at Deloitte, he understands the demands of operating within large, matrixed organizations where risk, stakeholder alignment, and accountability are critical.

At Deloitte, Blaze led leadership development coaching initiatives to support professionals navigating high-stakes client environments, promotion decisions, and evolving performance expectations. This experience informs his work with leaders facing similar pressures in financial services and other highly structured industries. Blaze also held senior leadership roles at University of Chicago Booth School of Business, where he worked closely with executives and emerging leaders on development, transition, and performance.

Blaze specializes in helping leaders develop the self-awareness and practical strategies needed to lead effectively at pivotal moments, such as stepping into expanded roles, managing increased visibility, or navigating organizational change. His coaching focuses on strengthening their ability to engage in candid, constructive conversations, align stakeholders, and execute with clarity under pressure.
